Howard Street sidewalk improvement project to begin

ELLICOTT CITY, MD – A Howard County construction project to connect two portions of sidewalk along Howard Street in the vicinity of U.S. Route 1 in Savage is scheduled to begin on or about Monday, November 16. The project will include the installation of approximately 230 linear feet of sidewalk and several new ADA (Americans with Disabilities Act) ramps. Weather permitting, the project is expected to be completed by late November.

The project is not expected to impact the flow of traffic in the area; however, work near the road shoulder is expected. Flagging operations will be used to direct traffic as needed and “Notice of Public Works Construction” signs will be posted in the area to alert residents about the project.

For questions or concerns about Capital Project K-5061-09, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440 or email publicworks@howardcountymd.gov.
